Hollandia 900

Hollandia 900 – A fresh outlook

Hollandia 900

Enjoy the open air feeling!

By using state of the art technology and design the Hollandia 900 offers the largest glass roof area of any aftermarket integrated tilt and slide sunroof. The unique twin-panel product was specifically developed for the aftermarket allowing you to enjoy modern technology and appealing design.

Whilst the rear glass panel can be either tilted or opened completely, the front panel can also be tilted to provide ventilation. In addition, this panel acts as an oversize wind deflector minimising wind noise to ensure the quietest journey.

- **The first aftermarket roof system with Twin Glass Panels.**
- **The largest glass area of any aftermarket integrated tilt and slide roof system**
- **Venus® safety glass protects against 99% of the sun's rays**
- **Newly developed wind deflector ensures extremely quiet driving enjoyment**
- **Auto close function (with over-ride)**
- **Two colour backlight options on switch**
- **Programmable positioning on soft touch switch**
- **Anti-trap function**
- **Integrated sunshade / blind**
- **Optional Rain Sensor**

Hollandia 900
The large roof affords the best views

SOFT-TOUCH CONTROLS
are standard on Hollandia 900 models. You don't need to hold the button to open or close the sunroof, as a quick touch will activate the selected function.
