

Marine Water Heaters

100 % stainless steel marine design

isotemp

High quality stainless steel water boilers

The Indel Webasto Marine Isotemp water heaters are specifically designed for the use on yachts and boats. Only high quality components are chosen to ensure the best product performance. The marine water heaters are very robust, with both the water tank and external cylinder made of stainless steel.

5 years warranty on inner tank, for corrosion or material stress**

- 1 Robust design
- 2 Water tank in stainless steel
- 3 External cylinder in stainless steel
- 4 Stable fixing feet in stainless steel, 360° adjustable fixing for easy and also bulkhead installation

** The stainless steel outside cover and the mounting feet are made of non magnetic stainless steel AISI 304. The Basic 40 and 75 liters water heaters are also available in a special version with double engine water coils for connection to the engine as well as to water based on board heater system.

Product Overview: Marine Water Heaters

Article number	Type	Volume (l)	Dimension* L x ØD (mm)	Weight (kg)	Max. pressure (bar)	Immersion heater**
601531S000000	Slim 15	15	520 x 295	10.5	7.0	230 V / 750 W
602031S000000	Slim 20	20	645 x 295	11.5	7.0	230 V / 750 W

607531BDT0000	Basic 75 TCT	75	1050 x 395	29.0	7.0	230 V / 750 W

* Including thermostat mixing valve;

** Immersion heater 115 V/750 W also available. Material: Tank, engine water coil and all connections AISI 316; Outside cover and mounting feet: AISI 304; Electric immersion heater: Copper covered by Nickel; Insulation: Polyurethane; Water connections: 1/2" inside and outside NPT and BSP pipe thread. Changes of the specification may be done without prior notice.

Product Specifications:

- Extra long, corrugated coils for high heat exchange efficiency
- Special 7.0 bar / 100 psi safety valve; simple winter drain
- Ultra-thick insulation for lowest temperature loss
- Electrical plug and play
- Immersion heating element especially designed to heat also the water at the bottom of the tank
- Thermostat mixing valve available as an option
- Immersion heating element available in 750, 1200, 2000, 3000 W as an option

Isotemp Water Heaters

The Isotemp water heater comes with brushed stainless steel cover as well as innovative internal design. It achieves highest capacity by optimised installation of the engine water heat exchanger as well as the immersion heater. They are positioned in the lowest part of the tank where the water is coldest in order to ensure an equal heating of all the water in the tank. The water in-and outlets are especially designed to minimise the mixture of cold and hot water.
